

## AUSTENITE PROCESSING IN NIOBIUM MICROALLOY STEELS

A Seminar recognising Chinese contributions to Steel Processing

The Royal Society, London

Wednesday 13<sup>th</sup> July 2011

### AGENDA

10.00	Assemble, Coffee	
10.25	Welcome and Introduction	Dr Bob Keown OBE Beta Technology, UK
10.35	The Royal Society	Professor Geoff Greenwood FRS University of Sheffield, UK
10.45	Keynote Lecture A Chinese and Brazilian Historical Perspective	Dr Malcolm Gray Microalloyed Steel Institute, USA
11.05	2011 Charles Hatchett Award Lecture Processing of High Niobium Line Pipe Steel and Chinese Developments	Professor Mani Subramanian McMaster University, Canada Professor C J Shang University of Beijing, China
11.35	China - Britain Business	Sir David Brewer Chair of China - Britain Business Council, UK
11.45	Coffee	
12.05	New Microalloyed Steels for Forgings	Professor Wolfgang Bleck RWTH Aachen University, Germany
12.25	The Emergence of Niobium in Asia	Dr Tadeu Carneiro CBMM, Brazil
12.45	Professional and Educational Partnerships between CBMM and IOM3	Dr Bernie Rickinson Institute of Materials, Minerals and Mining, UK
12.55	Concluding Remarks	Dr Marcos Stuart CBMM, Brazil
1.00	Lunch	

Organised by Beta Technology on behalf on CBMM
