NIBIUM IN STRUCTURAL STEELS

A Seminar to recognise the emergence of Niobium in Structural Steels for the 21st Century

Armourers' Hall, London
Friday 6th July 2012

AGENDA

09.00	Assemble, Coffee	
09.30	Welcome and Introduction: 'Niobium in Structural Steels'	Dr Bob Keown OBE, Beta Technology, UK
09.50	'A Successful Example of Niobium in Structural Steels for Industrial Buildings'	Marcos Stuart, CBMM, Brazil
10.10	The Charles Hatchett Award 2012 Lecture: 'Steel Plate for Wind Towers'	Dr Keith Taylor, SSAB, USA
10.35	Keynote: 'An Architectural Perspective'	Prof Mingxuan He, Baosteel, China
11.00	Keynote: 'Standards in the Steels Sector'	Sir David John, British Standards Institute, UK
11.25	Coffee	
11.50	'Niobium in Fire Resistant Structural Steels'	Prof David Matlock, Colorado School of Mines, USA
12.15	'Niobium Metallurgy in Structural Beams'	Prof Devesh Misra, University of Louisiana, USA
12.40	'Niobium Steels for Offshore Platforms'	Dr Ryuji Uemori, Nippon Steel Corporation, Japan
13.05	Concluding Remarks	Dr Eduardo Ribeiro, CBMM, Brazil
13.25	Lunch	

Organised by: [Beta Technology](http://betatechnology.co.uk) on behalf of [CBMM](http://cbmm.com)
